

MARYMOUNT UNIVERSITY

School of Business Administration
2017-18 Fall Semester

IT 530-A – Computer Security

Assignment 9

Due Date: November 8th, 2017 (Handed in at the beginning of class)

Instruction: All assignment submission must be typed and double spaced.

Questions:

1. List and describe the three major steps in executing the project plan.
2. What is a work breakdown structure (WBS)? Is it the only way to organize a project plan?
3. What is a milestone, and why is it significant to project planning?
4. List and describe the four basic conversion strategies that are used when converting to a new system. Under which circumstances is each strategy the best approach?
5. What 5 categories of constraints to project plan implementation are noted in the chapter? Explain each of them.
6. What is a deliverable? Name two uses for deliverables.
