

MARYMOUNT UNIVERSITY

School of Business Administration
2017-18 Fall Semester

IT 530-A – Computer Security

Assignment 10

Due Date: November 15th, 2017 (Handed in at the beginning of class)

Instruction: All assignment submission must be typed and double spaced.

Questions:

1. What career paths do most experienced professionals take when moving into information security? Are other pathways available? If so, describe them.
2. Why is it important to use specific and clearly defined job descriptions for hiring information security professionals?
3. Why shouldn't an organization give a job candidate a tour of secure areas during an interview?
4. What is separation of duties? How can it be used to improve an organization's information security practices?
5. What is job rotation, and what benefits does it offer an organization?
6. For each major information security job title covered in the chapter, list and describe the key qualifications and requirements for the position.
